MyFleetFinder
Effortless Fleet Management

Medical Transport Fleets

We give NEMT, ambulette, and wheelchair van operators real-time visibility into every van and driver — so you can hit every pickup window, protect patients and drivers, and document every trip.

SEE EVERY VAN. PROVE EVERY TRIP.

Track every van in real time and send the closest driver when a ride changes. Get alerts for after-hours use, plan maintenance from real usage data and verify every pickup and drop-off with GPS time stamps, even if you're not on the road.

EZ500

Put every van on the same map.

EZAIR II

See what happened when it matters.

EZ197

Plug in. Track in minutes.

Know where your drivers are and how every ride goes.

ON-TIME PICKUPS

See every van live and send the closest driver to same-day rides.

PROTECTED BUSINESS

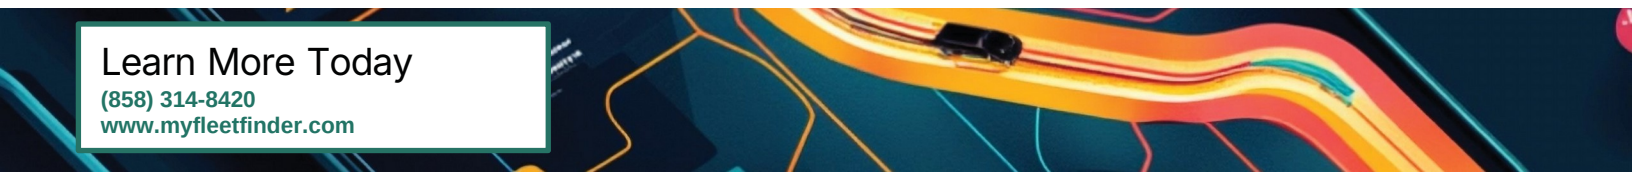

Video evidence settles disputes fast and protects you from false claims.

SAFER RIDES

Real-time alerts catch risky driving before it puts a patient at risk.

PROVE EVERY TRIP

Time-stamped pickup and drop-off records back up your billing.

Medical Transport Fleets

Smarter Protection. Sharper Insight. Safer Journeys.

The Business Case, In Plain Terms

Medical transport runs on vans moving patients between homes, clinics, and hospitals all day. Every trip is a place where money can leak out through late pickups, fuel, and overtime, or where you need proof of what happened.
