MyFleetFinder
Effortless Fleet Management

School District Fleets

We give school districts and student transportation teams real-time visibility into buses and maintenance vehicles — so you can keep routes on time, answer parents fast, and keep every bus road-ready.

SEE EVERY BUS. PROVE EVERY STOP.

Track every bus and service truck in real time and know when a route runs late. Get alerts for after-hours use, plan maintenance from real engine data and confirm every stop with GPS time stamps, even from the office.

EZ500

Put every bus on the same map.

EZAIR II

See what happened when it matters.

EZ197

Plug in. Track in minutes.

Know where every bus is and what happens on every route.

ON-TIME ROUTES
See every bus live and give schools and parents accurate arrival times.

PROTECTED DISTRICT
Video evidence settles disputes fast and protects your district from false claims.

SAFER DRIVERS
Real-time alerts catch risky driving before it puts students at risk.

PROVE EVERY STOP
Time-stamped arrival and departure records back up every route.

Smarter Protection. Sharper Insight. Safer Journeys.

The Business Case, In Plain Terms

Districts run buses and maintenance trucks between routes, campuses, and the yard all day. Each one is a place where money can leak out through idle time, fuel, and overtime, or where you need proof of what really happened.
